REPORT OF INDEPENDENT AUDITORS

Board of Directors of the
Harrison County Community Foundation, Inc.,
Harrison County Community Foundation Supporting Organization, Inc. and
HCCF Real Estate Supporting Organization, Inc.
Corydon, Indiana

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of the Harrison County Community Foundation, Inc., Harrison County Community Foundation Supporting Organization, Inc. and the HCCF Real Estate Supporting Organization, Inc. (collectively referred to as the "Foundation"), which comprise the consolidated statements of financial position as of December 31, 2018 and 2017, and the related consolidated statements of activities and cash flows for the years then ended, the related consolidated statement of functional expenses for the year ended December 31, 2018, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated

financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of the Foundation as of December 31, 2018 and 2017, and the results of their operations and their cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As discussed in Note 2 to the financial statements, effective January 1, 2018, the Foundation adopted Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) No. 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities*. Our opinion is not modified with respect to this matter.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The consolidating information in the consolidating statement of financial position and the consolidating statement of activities is presented for purposes of additional analysis rather than to present the financial position and results of operations of the individual organizations, and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The consolidating information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the consolidating information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

HARRISON COUNTY COMMUNITY FOUNDATION, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2018 AND 2017

1. NATURE OF OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

Harrison County Community Foundation, Inc. ("HCCF") was established as a not-for-profit organization in 1996. HCCF is an independent not-for-profit organization with a volunteer board of directors, whose purpose is to promote the interests of Harrison County, Indiana. This purpose is accomplished through grant making and the administration of grants to local governments, not-for-profit agencies and scholarships to individuals pursuing post-secondary education. Additionally, HCCF administers and manages the grants and scholarships awarded by Harrison County Community Foundation Supporting Organization, Inc. ("HCCFSO") and actively manages the property held by the HCCF Real Estate Supporting Organization, Inc. ("RESO").

HCCFSO is a not-for-profit organization incorporated in 2000, under the laws of the State of Indiana. HCCFSO was established to accept, invest, and transfer contributions received from Horseshoe Southern Indiana to HCCF and to distribute grants to the local community and government of Harrison County. HCCFSO is a separate and distinct Indiana not-for-profit corporation related to HCCF through a common board of directors and advisory council.

RESO is a not-for-profit organization incorporated in 2012, under the laws of the State of Indiana. RESO was established to hold and manage the property that HCCF and HCCFSO occupy and rent from RESO, as well as other donated or purchased real estate. In 2017, RESO entered into a construction and lease agreement with Mainstream Fiber Networks ("MFN") to provide \$5 million for the installation and servicing of a fiber network within the limits of Harrison County that facilitates the ability to provide such service to a customer base for fiber optics communications in Harrison County. RESO retains ownership of the \$5 million fiber backbone. MFN leases this fiber backbone from RESO for \$1 annually plus an "infrastructure recovery fee" of \$5 per month per customer. The infrastructure recovery fee is billed and collected by MFN and remitted to RESO monthly. The term of the lease is 25 years starting in January 2018 when the first customer began receiving services and also contains three 5-year extensions.

HCCF is funded principally through contributions from HCCFSO as well as donations from the public, investment returns, and management fees charged to HCCFSO. HCCFSO is funded principally by investment income and contributions from Horseshoe Southern Indiana ("Horseshoe"). In a prior year, HCCF received an initial allocation of \$5,000,000 pursuant to a revenue sharing agreement between Horseshoe (formerly known as Caesars Riverboat Casino, L.L.C.) and Harrison County, Indiana, in conjunction with the establishment of Horseshoe gaming operations in Harrison County. That agreement also called for Horseshoe to contribute a defined percentage of its annual adjusted gross receipts for the benefit of Harrison County and HCCF. The total aggregate amount to be contributed to HCCF and HCCFSO over the life of the agreement was \$55,000,000. \$50,000,000 of this amount was deposited with HCCFSO. Funding is now governed by an amended agreement which provides that all future payments will be made by choice of the county commissioners either directly to Harrison County or directly to HCCFSO, with 75% to be used for the benefit of Harrison County and the remaining 25% used for

HARRISON COUNTY COMMUNITY FOUNDATION, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2018 AND 2017

discretionary purposes by the Foundation. The county commissioners have currently selected the payments to be made directly to HCCFSO. That agreement does not guarantee any future payments to HCCF and HCCFSO.

Consolidation Policy

The accounts of HCCF are consolidated with the accounts of the HCCFSO and RESO as a result of common control. All inter-entity transactions have been eliminated in the consolidation. The consolidated operations of the organizations are hereinafter collectively referred to as the "Foundation."

Management's Estimates

Management uses estimates and assumptions in preparing consolidated financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities and the reported support, revenues and expenses. Actual results could vary from the estimates that were used.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis, and have been prepared with a focus on the entity as a whole. Net assets, support, revenues, gains, and losses are classified based on the existence or absence of donor restrictions. Accordingly, the net assets of the Foundation are classified and reported as follows:

Net assets without donor restrictions: Net assets that are currently available for operating purposes under the direction of the board of directors (Board) or designated by the Board for specific use. The Foundation maintains net assets without donor restrictions as follows:

Harrison County Community Foundation Operating Fund – used to fund current operations of the Foundation.

HCCF Supporting Organization Funds – Unrestricted net assets designated as belonging to HCCFSO represent contributions provided by Horseshoe along with associated investment earnings of those funds. These assets are available to further the mission of HCCFSO.

HCCF Real Estate Supporting Organization – Unrestricted net assets relate to the property held and maintained by the HCCF Real Estate Supporting Organization and the operations to maintain the property.

HARRISON COUNTY COMMUNITY FOUNDATION, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2018 AND 2017

Net assets with donor restrictions: Net assets subject to donor stipulations for specific purposes or time restrictions. These include donor restrictions requiring the net assets be held in perpetuity or for a specified term to support operations or specific purposes. The Foundation maintains net assets with donor restrictions as follows:

Restricted due to time restrictions – all contributions to the Foundation with donor restrictions that will be met by the passage of time.

Restricted for specified purpose – all contributions to the Foundation with intention of the donor to be held for a specific program or in a donor-restricted non-endowed fund.

Restricted in perpetuity - endowment – all contributions to the Foundation with the intention of the donor that the assets be held in perpetuity and managed in accordance with the Foundation's spending policy.

Restricted subject to spending policy – investment earnings on assets restricted in perpetuity – endowment and managed in accordance with HCCF's spending policy.

Cash

Cash consists primarily of money market and checking accounts and excludes amounts held by the Foundation's fund managers and included in investments.

Investments and Investment Return

The Foundation carries its investments at fair value for financial reporting purposes. Changes in unrealized appreciation or depreciation of investments are reflected in the Consolidated Statements of Activities in the period in which such changes occur.

Interest and dividend income and net unrealized and realized gains and losses on investments are recognized as net assets with or without donor restrictions based upon the existence or absence of donor-imposed restrictions.

Notes Receivable

Notes receivable are stated at unpaid principal balances, less an allowance for losses. The allowance is based on management's assessment of the current status of the individual receivable. There was no allowance for losses at December 31, 2018 and 2017. Notes receivable are considered delinquent based on specific circumstances of the borrower and are written off when the balance is considered uncollectible. All notes receivable are non-interest bearing.

HARRISON COUNTY COMMUNITY FOUNDATION, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2018 AND 2017

Property and Equipment and Property Held for Lease

Property and equipment and property held for lease, including expenditures that substantially increase the useful lives of existing assets, are recorded at cost except for donations, which are recorded at fair value at the date of the donation. Costs of ordinary maintenance and repairs are expensed as incurred. The property and equipment, as well as property held for lease, of the Foundation are being depreciated over their estimated useful lives using the straight-line method ranging from 5 to 39 years.

Deferred Revenue

During 2018, the Foundation received a \$441,650 grant from Lilly Endowment through its GIFT Phase VII initiative. The grant is required to be matched with new contributions to help build the Foundation's unrestricted endowments and provide support for specified charitable projects and needs. Therefore, deferred revenue relates to the portion of the grant that has not yet been matched and earned. The matching period is from October 1, 2018 through December 31, 2020. As qualifying contributions are received, the related match amount is recognized as revenue. Deferred revenue related to this grant was \$377,827 at December 31, 2018.

Support, Revenues and Expense Recognition

Contributions, which include unconditional promises to give (pledges receivable) are recognized as revenues in the period the contribution is received or the promise is made.

Support and revenues are reported as increases in either net assets with or without donor restrictions in accordance with the classification of the fund as it relates to the Foundation's spending policy. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in either net assets with or without donor restrictions in accordance with the classification of the fund as it relates to Foundation's spending policy.

The Foundation recognizes grant revenue in the period the related expenses are incurred.

All other revenue is recorded when earned.

Functional Allocation of Expenses

The costs of providing the various programs and supporting services have been summarized on a functional basis in the Consolidated Statements of Activities and Consolidated Statement of Functional Expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

The financial statements report expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is

HARRISON COUNTY COMMUNITY FOUNDATION, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2018 AND 2017

consistently applied. All expenses are allocated on the basis of estimates of time and effort. While the methods of allocation are considered appropriate, other methods could produce different results.

Income Taxes

HCCF, HCCFSO, and RESO are all not-for-profit corporations as described in Section 501(c)(3) of the Internal Revenue Code ("Code") and are exempt from federal taxes on related income pursuant to Section 501(a) of the Code.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Foundation and recognize a tax liability if the Foundation has taken an uncertain position that more likely than not would not be sustained upon examination by various federal and state taxing authorities. Management has analyzed the tax positions taken by the Foundation, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying consolidated financial statements. The Foundation is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

As such, HCCF, HCCFSO, and RESO are generally exempt from income taxes. However, the organizations are required to file Federal Form 990 – Return of Organization Exempt from Income Tax, which is an informational return only.

Going Concern Evaluation

Management evaluates whether there are conditions or events that raise substantial doubt about the Foundation's ability to continue as a going concern for a period of one year from the date the consolidated financial statements are available to be issued.

Reclassification

Certain prior year amounts have been reclassified to conform to the current method of presentation.

Subsequent Events

The Foundation has evaluated events or transactions occurring subsequent to the Consolidated Statement of Financial Position date for recognition and disclosure in the accompanying consolidated financial statements through the date the consolidated financial statements are available to be issued, which is April 15, 2019.

HARRISON COUNTY COMMUNITY FOUNDATION, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2018 AND 2017

Transfers Due to Matching Program

HCCFSO supports a matching program ran by HCCF. Contributions given by outside donors to donor-restricted endowments are matched by these funds, thereby, creating a donor-restriction upon the matching portion for the same purpose. The matched amount from the Foundation is reflected on the "Consolidated Statements of Activities as "Transfers due to matching program."

2. CHANGE IN ACCOUNTING PRINCIPLE

Effective January 1, 2018, the Foundation adopted the Financial Accounting Standards Board's Accounting Standards Update (ASU) 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities*. The ASU simplifies and improves how a not-for-profit organization classifies its net assets, as well as information it presents in the consolidated financial statements and notes about its liquidity, financial performance and cash flows. The Foundation has adjusted the presentation of its 2018 consolidated financial statements herein and retrospectively restated the prior year consolidated financial statements. In addition to changes in terminology used to describe categories of net assets throughout the consolidated financial statements, new disclosures were added regarding liquidity and the availability of resources (Note 16), and disclosures related to the functional allocation of expenses were expanded (Note 1).

The impact of the adoption of ASU No. 2016-14 on the Foundation's net assets is as follows:

4. RISKS AND UNCERTAINTIES

The Foundation holds investments in common stocks, debt and equity mutual funds and alternative investments (Note 3). Such investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term that could materially affect the amounts reported in the accompanying consolidated financial statements.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The Foundation's policy is to recognize transfers, if any, between levels as of the actual date of the event or change in circumstances. There were no transfers between levels in 2018 and 2017. The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Foundation has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' and liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017:

- *Common stocks*: Valued at the closing price reported on the active market on which the individual securities are traded.

HARRISON COUNTY COMMUNITY FOUNDATION, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2018 AND 2017

- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds (“funds”) held by the Foundation are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Foundation are deemed to be actively traded
- *Alternative investments*: Valued at the net asset value (NAV) of the fund as determined by the reported valuations of underlying investment managers.
- *Charitable gift annuity payable*: Fair value is determined by calculating the present value of future payments to beneficiaries using published life expectancy tables with a discount rate of 1.4%.

The following table sets forth financial assets and liabilities measured at fair value in the Consolidated Statements of Financial Position and the respective levels to which the fair value measurements are classified within the fair value hierarchy on a recurring basis at December 31, 2018 and 2017 as follows:

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2018 AND 2017

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented at fair value in the Consolidated Statements of Financial Position.

Alternative investments, including balances, restrictions on redemptions, and investment objectives consist of the following as of December 31, 2018 and 2017:

	2018	2017	Redemption Notice	Redemption Frequency
SEI Core Property Fund, LP	\$ 13,694,078	\$ 12,567,444	95 days notice	Quarterly
SEI Offshore Opportunity Fund II, LTD	5,218,250	5,178,696	95 days notice	Quarterly
SEI Energy Debt Fund, LP	6,578,730	6,497,132	95 days notice (After 3-year lockup period)	Semi-annually
SEI Structured Credit Fund, LP	<u>7,065,616</u>	<u>6,548,344</u>	65 days notice (After 2-year lockup period)	Quarterly
	<u>\$ 32,556,674</u>	<u>\$ 30,791,616</u>		

SEI Core Property Fund, LP

The investment objective is to seek both current income and long term capital appreciation by investing directly and indirectly in a diversified pool of private investment vehicles that invest in commercial real estate properties.

SEI Offshore Opportunity Fund II, LTD

The investment objective is to seek to achieve an attractive risk-adjusted return with moderate volatility and moderate directional market exposure over a full market cycle.

SEI Energy Debt Fund, LP

The investment objective is to seek to generate high total returns by investing primarily in debt securities of the United States and international energy companies.

SEI Structured Credit Fund, LP

The investment objective is to generate high total returns by investing in a portfolio comprised of collateralized debt obligations, which includes collateralized loan obligations and other structured credit investments.

Due to the nature of the investments held by the funds, changes in market conditions and the economic environment may significantly impact the net asset value of the funds and, consequently, the fair value of the Foundation's interests in the funds. Although a secondary

HARRISON COUNTY COMMUNITY FOUNDATION, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2018 AND 2017

market exists for these investments, it is not active and individual transactions are typically not observable. When transactions do occur in this limited secondary market, they may occur at discounts to the reported net asset value. It is therefore reasonably possible that if the Foundation were to sell these investments in the secondary market, a buyer may require a discount to the reported net asset value, and the discount could be significant.

10. CUSTODIAL FUNDS

Custodial funds represent funds placed on deposit with the Foundation by other organizations based on their individual board resolutions, including the county fund that holds the 75% of revenue-sharing contributions from Horseshoe as described in Note 1. The Foundation accounts for these transfers as a liability in accordance with standards set forth by the Financial Accounting Standards Board. Income is added to these funds periodically in accordance with the Foundation's investment allocation policies. Contributions by, investment return credits for, and distributions to those organizations are reflected as adjustments to the liability account and are not reflected in the Consolidated Statements of Activities.

Following is a progression of custodial funds during 2018 and 2017:

Net assets were released from donor restrictions in the amount of \$792,236 and \$689,374 based on funds appropriated for expenditure for the years ended December 31, 2018 and 2017, respectively.

13. GRANT COMMITMENTS

The Foundation had conditional grants of \$4,730,610 and \$3,370,190 at December 31, 2018 and 2017, respectively. These amounts will not be paid until the related conditions have been met; therefore, a liability related to these grants has not been recognized.

14. ENDOWMENT

Some of the Foundation's funds consist of donor-restricted endowed funds established for a variety of purposes. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The Board of Directors has interpreted the Uniform Prudent Management of Institutional Funds Act ("UPMIFA") as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulation to the contrary. As a result of this interpretation, the Foundation retains in perpetuity (a) the original value of gifts donated to the endowment, (b) the original value of subsequent gifts to the endowment, and (c) accumulations to the endowment made in accordance with the direction of the applicable

HARRISON COUNTY COMMUNITY FOUNDATION, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2018 AND 2017

donor gift instrument at the time the accumulation is added to the fund. Donor-restricted endowment funds are subject to appropriation for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate endowment funds:

- (1) The duration and preservation of the fund
- (2) The purposes of the Foundation and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Foundation
- (7) The investment policies of the Foundation

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding for granting purposes while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Foundation must use for a donor-specified purpose. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to produce long-term growth of capital without undue exposure to risk. The Foundation expects its endowment funds, over time, to provide an average rate of return of approximately 7 percent annually. Actual returns in any given year may vary from this amount.

To satisfy its long-term rate of return objectives, the Foundation relies on a total return strategy in which investment decisions shall be made with the intent of maximizing the long-term total return of the portfolio through market value changes (realized and unrealized) and through earned income (dividends and interest).

The Foundation has a policy of appropriating for distribution each year 4 percent of its endowment funds' average fair value over the prior 20 quarters, or a lesser percentage as voted upon annually by the Board of Directors. In establishing this policy, the Foundation considered the long-term expected return on its endowment.

HARRISON COUNTY COMMUNITY FOUNDATION, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2018 AND 2017

Donor-restricted endowment funds are all classified as net assets with donor restrictions. Changes in donor-restricted endowment funds for the years ending December 31, 2018 and 2017 were as follows:

	2018	2017 As Restated
	<u>2018</u>	<u>2017</u>

15. OPERATING LEASE

Beginning in January 2018, the Foundation is the lessor of a 19,065 square feet building under an operating lease expiring in December 2037. No rent payments are due in 2018, but starting in January 2019 monthly payments of \$500 are due for the following 5 years. During 2024 through 2028, the rent basis will be adjusted to an amount not less than \$0.90 per square foot and not greater than \$1.80 per square foot. Rent during 2029 and beyond will be negotiated at a future date. The building held for lease has a cost of \$2,961,760 and accumulated depreciation of \$73,555 as of December 31, 2018.

The future minimum lease payments for the five years subsequent to December 31, 2018 are as follows:

2019	\$ 6,000
2020	6,000
2021	6,000
2022	6,000
2023	<u>6,000</u>
	<u>\$ 30,000</u>

HARRISON COUNTY COMMUNITY FOUNDATION, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2018 AND 2017

Because of the below-market lease payments required to be paid, a promise to give and grant expense of \$2,260,000 was recognized in 2017 for the difference between the present value of the actual payments to be received and the fair value of the building being utilized. Starting in 2018, this promise to give is being amortized over 39 years at an annual rate of \$57,950, which is recognized as rental income on the Consolidated Statement of Activities. The promise to give was \$2,202,051 and \$2,260,000 at December 31, 2018 and 2017, respectively.

16. LIQUIDITY AND AVAILABILITY

The Foundation manages its liquid resources to meet the cash needs for operations, endowment appropriations, and grants and scholarships from non-permanent programs. The Foundation defines liquid assets as cash, notes receivable, and investments without purpose restrictions and unrelated to endowments and non-endowed investments.

Financial assets available for general expenditures within one year of the Consolidated Statement of Financial Position date comprise the following:

Cash	\$	858,600
Operating investments		61,794,788
Notes receivable		<u>110,508</u>
	\$	<u>62,763,896</u>

The Foundation's endowment funds consist of donor-restricted endowments. Income from donor-restricted endowments is restricted for specific purposes with the exception of the amounts available for general use. Donor-restricted endowment funds are not available for general expenditure. The Foundation has an open grant approval process. This process includes evaluating a number of factors relative to the spending rate to be applied to the Foundation's fund balances in accordance with its spending policy. Once the Foundation's Board approves the spending rate, the related dollar amount of the funds becomes available for general expenditures.

While not subject to the Foundation's spending policy, expenditures from donor-restricted non-endowed funds must be approved by the Board and, therefore, are not available for general expenditure until that time. Non-endowed funds are held in cash or liquid investments and are made available upon appropriation.

The Foundation has notes receivable with other organizations in which the Foundation will receive payments over multiple years. The Foundation identifies the current portion of these notes as funds available for general expenditures within one year of the Consolidated Statement of Financial Position.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2018 AND 2017

17. CONCENTRATIONS OF CREDIT RISK

The Foundation maintains its cash in bank deposit accounts insured by the Federal Deposit Insurance Corporation at its current coverage levels. The Foundation has not experienced any losses in such accounts. The Foundation believes it is not exposed to any significant credit risk on cash.

Investments are maintained by one investment firm. Such balances exceed the current insured limits of the Securities Investor Protection Corporation. Alternative investments held by the Foundation are not federally insured and are susceptible to the risk of loss.

18. CONCENTRATION OF REVENUE

The Foundation received contributions that comprised 81% and 69% of its total contributions and grants revenue in 2018 and 2017, respectively, from Horseshoe (see Note 1).

19. COMMITMENTS

In June 2017, RESO entered into a five-year agreement with Harrison County Rural Electric Membership Corporation ("REMC") in which RESO will pay annually \$19 per pole being used with the fiber network project described in Note 1. However, as part of the agreement with MFN, MFN will assume this annual expense for the use of the poles provided by REMC.

20. RELATED PARTY TRANSACTIONS

In October 2016, RESO and the Boys & Girls Club of Harrison-Crawford Counties, Inc. ("BGC") entered a letter of agreement whereby RESO would construct a building for BGC to use under the terms of a lease. The building was completed in December 2017 and the lease began in January 2018 for a 20-year period. Through a bid process, RESO contracted with a company owned by an HCCF board member and paid \$248,801 and \$2,712,959 to that company during the years ended December 31, 2018 and 2017, respectively, for the construction of the building.

21. RECENTLY ISSUED ACCOUNTING STANDARDS

On May 28, 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2014-09, *Revenue from Contracts with Customers (Topic 606)*. The core principle of this new guidance is that “an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services”. On August 12, 2015, the FASB further amended this guidance and issued ASU 2015-14, *Revenue from Contracts with Customers (Topic 606)*, which deferred the effective date for all entities by one year. These new standards, which the Foundation is not required to adopt until its year ending December 31, 2019, deal with the timing of reporting revenues from contracts with customers, and disclosures related thereto.

On February 25, 2016, the FASB issued ASU No. 2016-02, *Leases (Topic 842)*. This new standard, which the Foundation is not required to adopt until its year ending December 31, 2020, is intended to improve financial reporting about leasing transactions by requiring entities that lease assets to recognize on their statement of financial position the assets and liabilities for the rights and obligations created by those leases, and to provide additional disclosures regarding the leases. Leases with terms (as defined in the ASU) of twelve months or less are not required to be reflected on an entity’s statement of financial position.

The Foundation is presently evaluating the effects that these ASUs will have on its future consolidated financial statements, including related disclosures.
