Supporting Organization Scholarship Programs Policy

Amended August 2, 2021

HCCF maintains an enthusiastic tradition of supporting scholarship programs for the graduating high school student residing in Harrison County, Indiana. These programs include our non-renewable Founders Vocational Scholarships, four-year renewable Building Our Future Scholarships, the Indiana University Southeast Renewable Scholarships and a growing variety of Donor Endowed Scholarships. All scholarships will be awarded using objective and nondiscriminatory selection processes.

The HCCF universal scholarship application, for graduating high school students, is due on January 20th each year, by 4:00pm. Attaching accurate proof of FAFSA (Free Application for Federal Student Aid) completion is mandatory to submit the universal application.

Once a scholarship application has been submitted to HCCF no changes or substitutions can be made to that application and no additional documents can be uploaded or submitted. This includes any online or paper applications that HCCF oversee and/or manages.

For purposes of this policy, the following terms are defined:

- Vocational/Trade: *a type of higher learning school that focuses on job skills training rather than academics in the liberal arts. Most trade schools focus on a particular set of skills that are taught to students looking to enter a certain career field and they usually do it in a shorter period of time than traditional universities. Trade schools usually have programs that take less than two years to complete and do not result in a Bachelor's Degree.*
- Full ride: *defined as adequate funding to pay all tuition, activity fees, book costs, and on-campus room and board.*
- Full time student: *A student enrolled in a minimum of 12 credit hours per semester*

Scholarship Committees:

An Endowed Scholarship Selection Committee will be identified annually to select the recipients for all HCCF endowed scholarships. Harrison County School Corporations will be invited to present to HCCF a list of three community volunteers who are not employees of the school corporation and three school corporation representatives from each high school. The HCCF Scholarship Committee will select from these lists one community volunteer and one school representative who will serve on the committee. The Endowed Scholarship Selection Committee will also include two HCCF scholarship committee members and one past HCCF board member.

Any endowed scholarships that have a specific family, school or community member listed in their endowment agreements will be added to this overall group only for their endowment scholarship selection.

School Volunteers	4
School Employees	4
HCCF Scholarship Committee	2
<u>HCCF Past Board member</u>	<u>1</u>
Total	11

The Endowed Scholarship Committee shall not include anyone who is related to a graduating Harrison County high school student defined as: parent, grandparent, sibling, spouse, niece, or nephew. This definition also includes anyone traditionally defined as a “step” or “in-law” and other domestic arrangements where the graduating student resides in the same household.

Selection Criteria:

Selections are based on application, criteria, and score sheet provided by HCCF or established by founding contributors of a designated endowment to be used by the Scholarship Advisory Committee. The criteria used to select scholarship recipients shall be related to the purpose of the scholarship and may include the following: academic performance, performance on a test designed to measure ability and aptitude for college work, extracurricular activities, work activities, volunteer activities, honors and awards, and special financial considerations.

Dual Credit: High school counselors will document the college credit hours earned through the Dual Credit Program by students. Verification of earned credits will be confirmed by the university/college offering the courses. The breakdowns of points for college credit hours earned are as follows:

1-6 credits earned:	5 points
7-16 credits earned:	10 points
17-24 credits earned:	15 points
25+ credits earned:	20 points

**College credits earned from AP courses will only count if a student tests and passes the AP test with a score of a 3, 4, or 5.*

Grade Point Average (GPA): Unweighted GPAs will be scored for any HCCF Scholarships.

ACT/SAT Scores: Students will receive up to 30 application points based on their SAT/ACT scores. If applicants have taken both tests; points will be awarded based on whichever test earns the applicant the most possible points.

Recommendation Submission:

Scholarship recipients will be submitted to the HCCF in the form of a recommendation as approved by the HCCF Supporting Organization Scholarship Committee. The HCCF Staff will provide a recommendation form. The form will include the name of the scholarship, date of the meeting, and names of the members who served on the committee. The document will be signed

by each Scholarship Selection Committee Member and will include the name(s) of the recommended recipient(s) with the last four digits of the student's social security number and amount to award.

Each list of recommended scholarship recipients should include an alternative recipient listed in priority order. The HCCF Board of Directors must give final approval of scholarship awards and reserves the right to reject any recommended recipient and award the scholarship to an alternate.

Statement of Compliance:

Each Scholarship Selection Committee Member will sign a statement provided by HCCF staff declaring that all conditions of these HCCF Scholarship Policies were followed. Any violation of these policies may result in the disqualification of recipients and forfeiture of any scholarship(s) recommended or approved.

After the Awards:

Scholarship recipients must sign and return the HCCF Scholarship Agreement and billing statement before any funds will be released. Any violation of the terms in the Scholarship Agreement may result in the forfeiture of the scholarship. All scholarship agreements must be signed and returned to the Foundation office by June 30th the year the award is made. **Failure to return the agreement *on time* will result in the forfeiture of the scholarship award.**

Scholarships may be used for attendance at any accredited school and will pay any tuition, books, and course related fees required by the college or by the course syllabus and billed through the institution. **Scholarships can only be used to obtain *one* Bachelor's Degree.** Payments will typically be paid only to the educational institution; however, reimbursements to students for books will be made if a paid receipt and course syllabus is presented. Off-campus expenses such as housing, grocery bills, or restaurant receipts will not be reimbursed. Additionally, transportation costs are not an authorized expenditure for use of these scholarship funds.

Appeals:

HCCF may review appeals of the scholarship recommendations made by the designated Scholarship Selection committees or the awards approved by the HCCF Board of Directors. Appeals should be made in writing on a single page explaining why the decision should be reversed. The decision by the HCCF Board of Directors on any scholarship appeal is final. Appeals should be mailed to HCCF, PO Box 279, Corydon, Indiana 47112.

Founders Vocational Scholarships Policy

The Harrison County Community Foundation (HCCF) will designate funds annually to be awarded to graduating students in the form of individual scholarships. Only students residing in Harrison County, Indiana are eligible for these scholarships. The HCCF scholarship committee as appointed by the HCCF Board of Directors will make recommendations for the Founders Vocational Scholarships.

Awards Criteria:

- 1) The total amount awarded in each high school is reserved for students pursuing an accredited technical, trade or vocational field of study. The intent to attend a traditional vocational institution does not qualify unless the field of study is clearly vocational in scope such as a nursing degree or welding certification. The student must pursue a one or two year certificate or degree program that focuses on preparing students for a particular specialized career.

If a student awarded a vocational scholarship elects to attend a traditional educational program before utilizing the funds for the vocational program, the scholarship will be forfeited.

- 2) The minimum amount awarded to any student will be one thousand dollars (\$1,000.00) and the maximum amount awarded to any student will be five thousand dollars (\$5,000.00).
- 3) All funds designated to each high school must be awarded to the current graduating class. These scholarships are not renewable and may not be awarded to any previous graduate.

Founders Vocational Scholarship Utilization:

One-half of the full amount of the scholarship or the maximum amount due as indicated on an official billing statement from the institution, whichever is less, will be paid in any given semester. Scholarship recipients are responsible to send copies of the detailed billing to the HCCF office.

Students who receive other scholarships that total to a “full ride” may not use HCCF Founders Vocational Scholarship awards. HCCF scholarship amounts awarded to such individuals will be forfeited and may be awarded to students on the Alternate List at the discretion of the HCCF Board of Directors.

From the date of the recipient’s scholarship agreement, recipients have **2 years to enroll in classes and 60 months to utilize their scholarship funds**. It is the student’s responsibility to maintain current contact information and inform HCCF when they have enrolled in an approved educational program.

HCCF has many Donor Endowed Scholarship funds. The Endowed Scholarship Selection Committee will be asked to assist in recommending recipients of these scholarships. The Committee will be provided with a list of all applicable Donor Designated Scholarships and the individualized criteria required for these awards.

Some endowed scholarship funds designate community members who will be appointed to serve on the recommendation committee. As stipulated in some agreements, a donor or related party may serve on the Endowed Scholarship Selection Committee but no combination of the donor and persons designated by the donor (or persons considered related parties to such persons) may control, directly or indirectly, the committee, and they may not constitute a majority of the committee.
